The Curious Savage Cast Its Spell

This year Kenmore West's Thespians presented a fine comedy "The Curious Savage" as the All-School play. The action of the play took place in a rest home for people who have difficulty dealing with reality. Enter Ethel P. Savage played by Anne Pfohl, an aging widow, full of life. Her three children, aptly performed by Terri Steinhaus, Bill Masson, and Randy Neff, placed her in this home in order to get control of the Savage estate. Through Mrs. Savage's relationships with the guests the story wove a spell of laughter and tears. The guests were portrayed by Robin Cluff, Don Dudley, Joel Snitzer, Mary Haberstro, Syndi Starr, and the staff enacted by Barbara Roe, and Mark Wurthmann.

It was another success for director S. J. Starr who guided the cast with the help of student director Mary Anne Olender and assistant Beth Berkoff.

Faculty Celebrates 200th Birthday

The faculty joined in celebrating our nation's 200th birthday by presenting its fourth show, "American Express". The show contained many superb acts that spanned America's 200 years of music, comedy, and dance. Under the direction of Mrs. Cardoso, Mrs. Kratzenberg, and Mr. Feltges, the show raised over $2000 which provided scholarships for talented students in the fine arts.

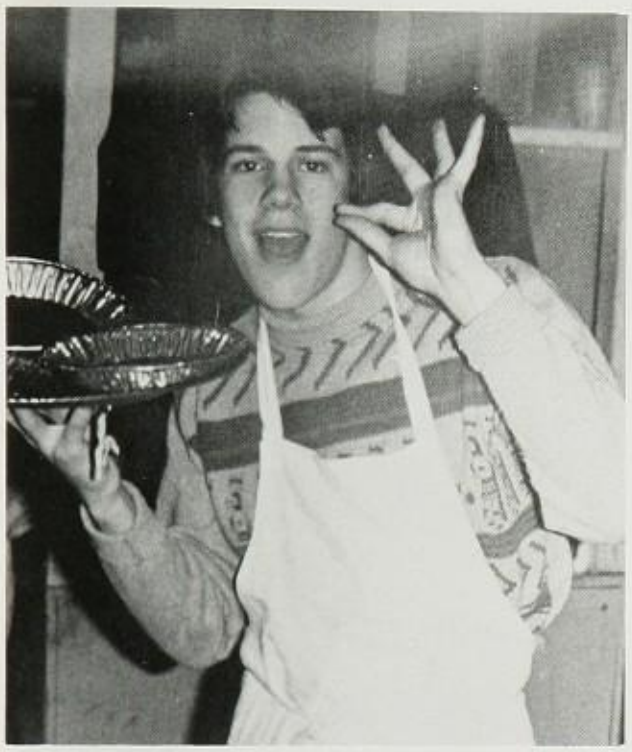
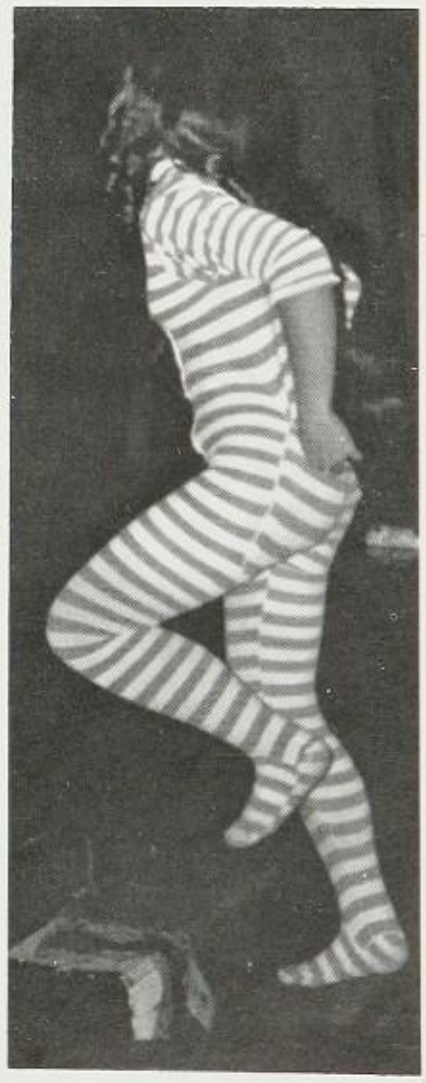
Productions by the Class of '78

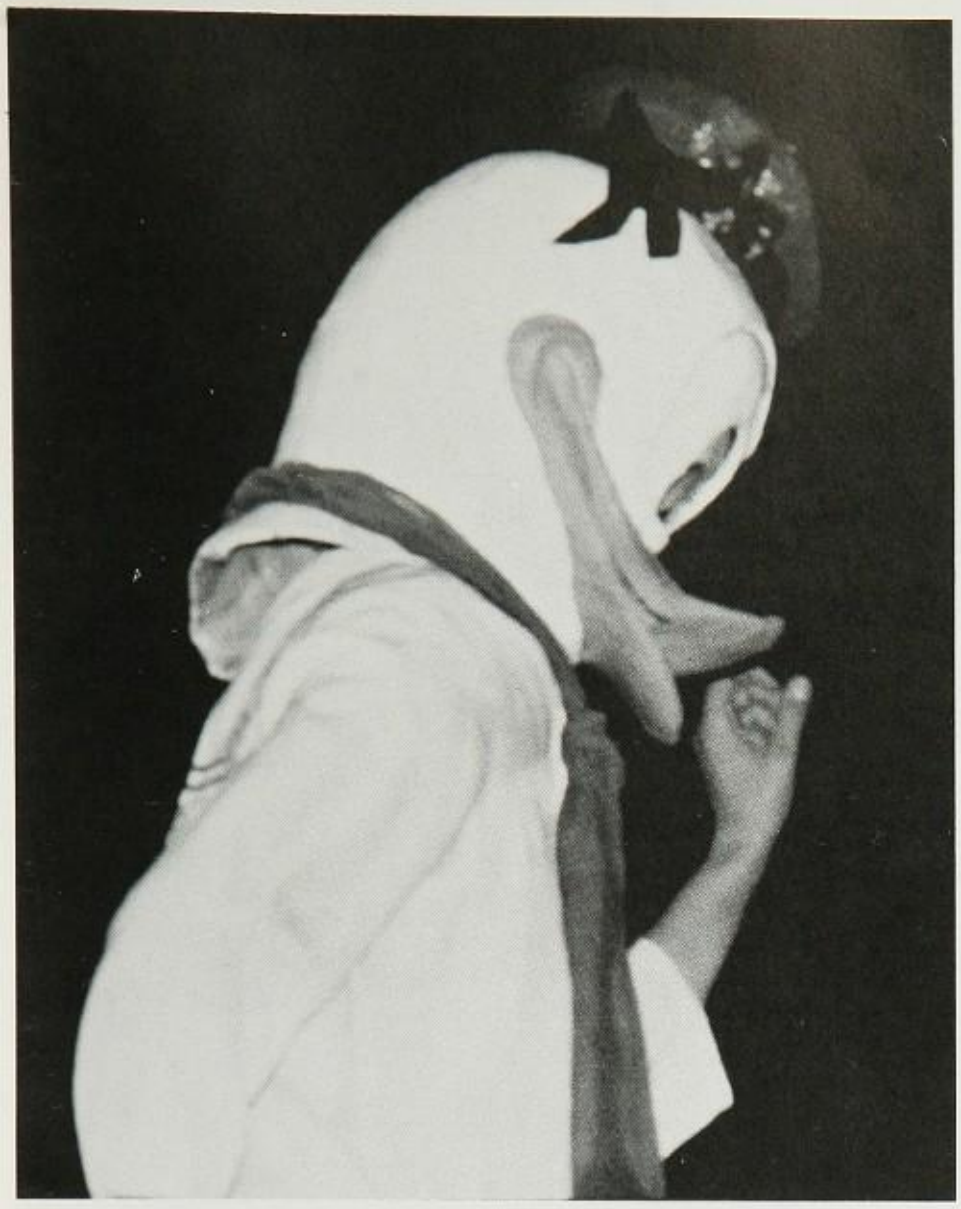
The Junior Class, advised by Mrs. Lloyd and Mr. Voss, have put on two shows: The first was "New Faces" in 1976, directed by Liz Glaser, Cindy Reif and Joel Snitzer, followed by this year's "You Don't Have to Be a Star", directed by Melinda Adamczyk and Matt Oliver. Both shows were a big success!



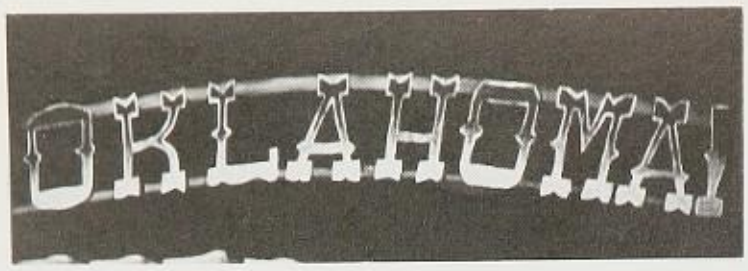


Senior Class Presents— "Finishing Touches"

The Class of '77 presented "A Splash of Color", "A Touch of Class", and finally their "Finishing Touches". There was much variety in the show from nuns to a championship roller-skater to a disco duck. Directors, Debbi Carey and Carol Murphy, worked very hard with advisors, Mrs. Wahlen and Mr. Aiken, to make their final show one we'll long remember.



SUNKIST



For the cast and crew, memories of **Oklahoma!** '77 will be synonymous with the blizzard of '77. Many devoted students braved the snow to attend rehearsals so that the curtain could rise on February 24th. The capacity audiences were entertained by a cheerful and exhuberant cast. Directors S. J. Starr, Ronald Swick, and Carol Engel worked many long hours with student directors Terri Steinhaus, Marsha Lipp, and Mark Wurthmann to produce this delightful, enchanting musical. A talented and hard-working cast was headlined by Sandy Rose and Joe Consiglio as Laurey and Curly, Mary Haberstro and Rich Hess as Ado Annie and Will Parker, Anne Pfohl and John Lester as Aunt Eller and Jud Fry, and Bob Rieth and Peter BeVier as Ali Hakim and Andrew Carnes. Beautiful entertaining dances were created by choreographers Liz Ayre and Joyce Miller. As Mr. Starr said, "The snow and the winds are now in the record books, but the spirit of the cast of **Oklahoma!** will forever be in our hearts."

Keyettes and Key Club

Under the direction of Mr. Austin, the Keyettes and Key Club dedicated many hours meeting the needs of Ken-West and the community. To start the year off, the students sponsored their 7th annual United Way Fun Night to benefit the United Way drive. This was followed by the Tinsel Ball — a memorable experience for all. Adding to the year's activities, was the club's Spaghetti Dinner and Nearly Anything Goes contest. Both raised money for worthy organizations. The members worked with the handicapped and elderly by setting up Monte Carlo Nights in Nursing Homes, taking people to the Ice Follies, and taking children on bi-weekly field trips. New this year, members participated in the Ken-Ton Befriend-a-Youth Program which aims to provide companionship for children from broken homes.

Marching Along Together

The successful efforts of these three groups brought sensational halftime entertainment to football fans. Under the direction of Beth Ehlers, the Color Guard added a new flavor to the halftime shows. They made new flags and uniforms. The Twirlers worked all summer preparing for the new season. They sold baked goods between practices and during the year the girls rehearsed for various competitions. Out on the field the Marching Band rehearsed diligently under the direction of Mr. Arthur Macdonald. This fall the members performed top-notch routines and later they participated in the Memorial day parade. When the football season was over the marching band was suddenly transformed into . . . the concert band.

Merry Music Makers

Band and choir members were busy this year preparing for their annual exchange trip. During April and May the groups exchanged with a high school in Winchester, Virginia. To raise money for the trip such scrumptious items as doughnuts and fruit were sold. Also during the year the jazz ensemble and choir performed at a Braves game. There was an extra surprise for the choir in January — the long awaited robes arrived. Many happy hours were provided by these people at various concerts. The year was topped off with the Spring Arts Festival where the Music Department joined with the Art Department in bringing to the public an afternoon of sheer delight.

Sing Along . . .

It was a hectic year for the orchestra. They gave a fine performance of the "Nutcracker Suite" at the annual Christmas Concert. They were also kept busy playing for the faculty show and traveling to some elementary schools.

The girls' chorus prepared a great variety of music this year which was performed at the fall, Christmas, and mid-winter pop concerts. These girls, along with the choir, gave the Music Department a new mascot — the cookie monster. Both groups contributed their talents to the Spring Art Festival.

Kerosene Keeps Kenitorial Lit

The people pictured on the following three pages — laboring long hours (often far into the night) and living on a diet of pizza, whoppers, starbursts, subs, etc., worked fantastically hard to produce a sensational 1977 yearbook for Kenmore West! How soon they discovered the hardships of being editors. There's nothing like six snow days, no hot water and various shows and activities to set you behind. We'd like to express our sincere thanks to our advisor, Miss Benzin for her patience and dedication. We also thank Jim Ticco for providing us with an excellent source of ventilation.

West Writes On

Kenmore West's newspaper, Kwest, kept the school informed of its many activities. Under the direction of advisor, Miss McGarry, and editor-in-chief, Valerie Luksch, the paper's busy staff successfuly produced five issues of Kwest containing varied styles and types of articles.

Through the work of an active staff, Kenmore West's annual poetry anthology, The Flame, was successfully produced. The Staff was guided under the direction of Mrs. Dixon.

Student Council

Working study halls, talking study halls, and the return of the breakfast program have distinguished 1977 in Student Council history. But the most important contribution of the Student Council to West this year was the formation of the Youth Against Cancer Society. This committee, headed by senior Mike Ehlers, raised money for the American Cancer Society, visited patients at Roswell Park Memorial Institute, and provided transportation services for out-patients. All of Kenmore West appreciates the hard work put in by President Bob Rieth and Vice President Syndi Starr this year, which made the '77 Council one of the most active in years.

The Kenmore West Booster Club, led by Advisor Lynn Schroeder, a 1976 West graduate, and President Su Yoder, did a fine job of increasing school participation and boosting the morale at West this year. Members created many catchy posters to advertise our sports, and also sponsor a dance featuring the hit group Weekend in March.

Thespians

This year's Thespians, troupe 108 in the International Thespian Society, is one of the largest and most active groups in years. Their activities for the past year included performing in a haunted house which raised over $10,000 to benefit March of Dimes, joint meeting with Kenmore East for an exchange of theatrical ideas, and the year was topped off with a Spring Arts Festival in June. This consisted of a 2 hour presentation of one act plays, music and short stories open to the public.

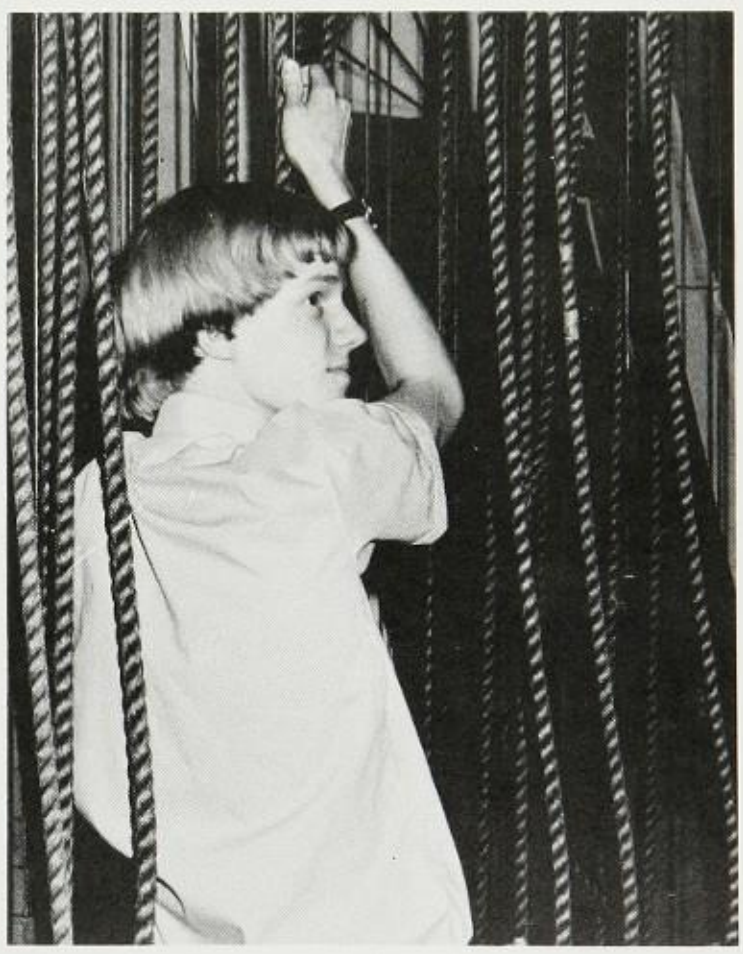
There was an upsurge of interest in the Russian Club this year. Advised by Mr. Dixon, they participated in such activities as Russian teas, musical programs, slide shows, movies, a trip to the Ice Capades, and the school's annual International Dinner.



An often neglected, yet invaluable part of every schoo! production is the stage crew. Advised by Mr. Starr, stage crew does all the technical work for assemblies, plays, musicals, class shows, and any other performances presented on our stage.

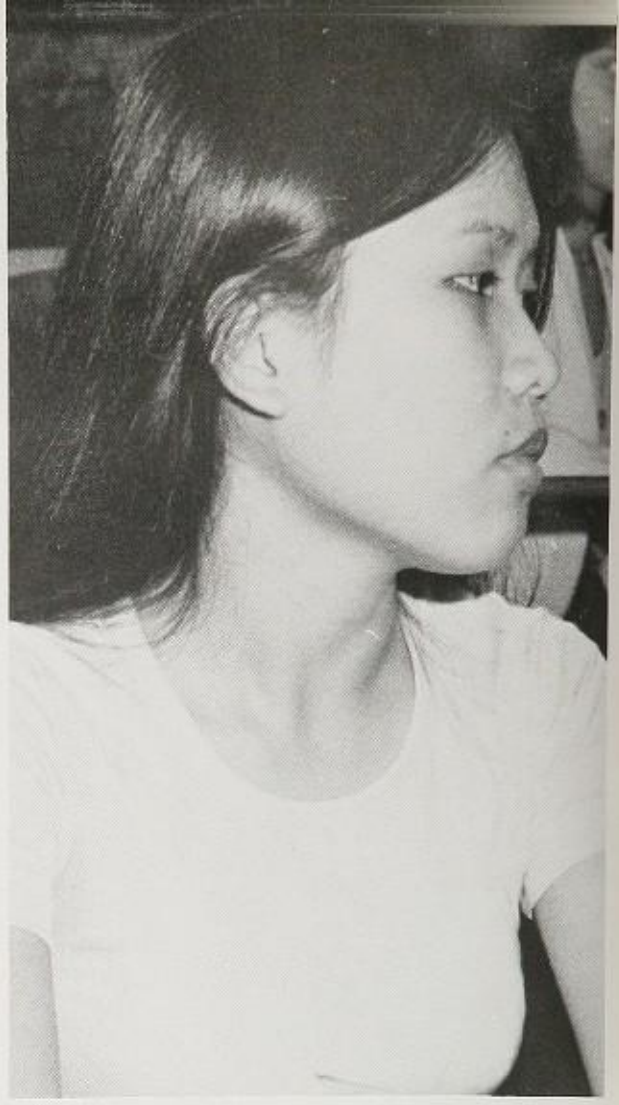
Foreign Affairs



The French Club was very active this year, meeting almost every other week to plan new activities. They held a Christmas dinner party and also participated in the annual International Dinner. Many of the students in the club also visited Québec during Easter vacation in April.

The Latin Club is a group of students who learn about the people and culture of Ancient Rome. Their various ventures all led up to the high point of the school year, their banquet. This was attended by students from many other schools from W.N.Y. Food and entertainment of Ancient Rome was on the agenda for the evening.

The Spanish Club has enjoyed many interesting activities since September. Some of their activities were a Spanish dinner, visiting with three guest speakers from Spain, Puerto Rico, and Mexico, and the International dinner. Many film discussion programs were scheduled which further informed the club of Hispanic culture.

Then, finally, on the second Tuesday of every month, the League competes in meets against other schools.

Mr. Pavlakis and his well-versed "It's Academic" team are to be congratulated for another successful season. The television team of captain Craig Atlas, Howard Levine, and Elliot Nickbarg proudly represented Ken West as they competed in the semi-finals.

Under the leadership of Mr. English, the Electronics Club meets to provide an opportunity for students to gain experience in the field of electronics. This year's activities included building a Citizen's Band radio, a C. B. antenna and fund raising to purchase a computer.

The Chemistry Club was centered around individual or small-group project work with stress on individual initiative and experimentation. It was under the supervision of Mr. Pavlakas, the club advisor. The club was open to any student who had taken or was taking Chemistry.

Girl Spikers Show Skill

The '77 Girls' Volleyball Team ended the season with a 9-2 record, went to the sectionals and unfortunately dropped a close match to Orchard Park. The team was led by the outstanding setting of Pat Morse and the powerful spiking and serving of Lori Jaros. Lori Jaros was named the #1 all star for the N.F.L. Pat Morse and Amy Kubala were named to the first and second all-star teams respectively.

In post-season play the girls put forth a great effort but unfortunately lost to the Boys' Varsity Volleyball Team. Don't you wish!

Also, Carol Weigand and Roberta Zasimowick aided in the team effort. The girls also advanced in the sectionals by defeating West Seneca East before losing to West Seneca West in a close game.

Outlook Bright for Varsity Mermen

The '77 season was a rebuilding one for the Blue-Devil swimmers, however, the outlook for next year is bright with many of the team members returning. Captain Chris Van Dyck performed admirably in the 200 and 100 yard freestyle events and provided the team with fine leadership. Other seniors who contributed to the team effort were Tim Van Dyck, Bob Niedermayer, and distance freestyler Don Gates.

Juniors made up the majority of the varsity squad and will improve greatly next year. Among them are: Bill (Big Bird) Corbett, Dave Miller, Dave Zybala, Jeff Vogt, and diver, Dan Higgins.

J.V. Does More Than Float

The J.V. Swim Team's season was unique, in that they had little opportunity for competition. When the opportunity came, the squad rose to the occasion, consistently turning in career best times. Outstanding squad members were Bruce Zeller, Brian Baxter, and Pat Tubridy; although it took the efforts of every member of the team to compile a record of 6 wins 2 losses. The highlight of the season was the 44-38 victory over highly regarded North Tonawanda.

Girls' Track 75-76

The small but flexible girls' track team put forth a lot of effort this year and ended up with a 1 and 2 season defeating the Kenmore East Bulldogs. Outstanding players on the small squad were Carol Weigand and Judy Vnuk. Samll membership handicapped every team in the league and caused the N.F.L. invitational to be relatively unsuccessful. Fortunately, this was the last year for Girls Track to be an extramural team. Beginning next year, Girls Track will be interscholastic.

J.V. Track

The Kenmore West Junior Varsity Track Team had an outstanding year, losing only one meet, to arch-rival Kenmore East. The effort put forth by the J.V. squad equalled that of the Varsity squad in every meet. The J.V. men can be proud of their fine accomplishments this year.

The outstanding trackmen on the team were John Sullivan, in the mile and 2-mile; Dan Charlesworth, in the 100 yd. dash; Darrel McCoullum, in the 220 yd. dash; and Dave Todtenhagen.

English

The English Department expanded a program, begun last year in 10th grade, to help students overcome reading and writing difficulties. Students were selected because they had average or above average intelligence and could therefore make improvements in areas in which they were weak. These special classes were taught at both 10th and 11th grade levels.

Because English teachers were especially concerned about weakness in student writing, a new program of writing was tried this year in several English 10 classes. The aim of this program was to help students express themselves.

Science

This year the Science Department has updated its program in the area of completely revamping the Physics Room. This modernization makes it possible to use the room more efficiently both as to lecture work and laboratory experimentation. We continue to stress the experimental phase of all of our science courses as a way of a deeper understanding and appreciation of the principles, theories, and concepts that are introduced throughout the lecture and textbook areas of the various sciences. We welcome to our staff Mrs. Sivertsen in Biology, and deeply regret the retirement, after 40 years, of Mr. Curtis Palmer.

Math

The Mathematics Department has some new course offerings this year. A one semester class in "Calculators and Computers" is being taught during the first semester. A one semester course in "Critical Thinking" will follow in the second semester. "Surveys and Statistics" is back after an absence of a year. This course deals with the use of surveys in practical applications in all areas.

Finally, a two semester course in "Aeronautics" is being offered. This course covers all of the ground school information for a private pilot such as navigation, and radio, as well as other units.

Besides performing here at West in evening concerts and assemblies, the Music Department has been quite involved around the community, playing for other schools, nursing homes, and hospitals, and appearing for many audiences at such places as Kleinhans and Memorial Auditorium for the Braves games. The highlight for the band and choir each year is the annual exchange trip with a school in places like Boston, Long Island and Virginia. This year also the choir had a new look with new robes to compliment their blue and white uniforms.

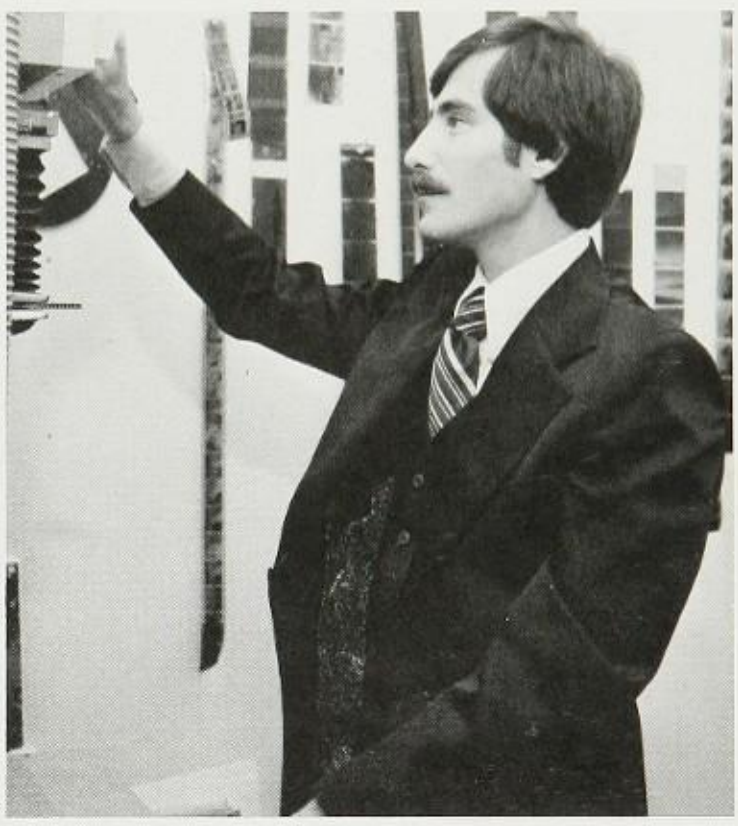
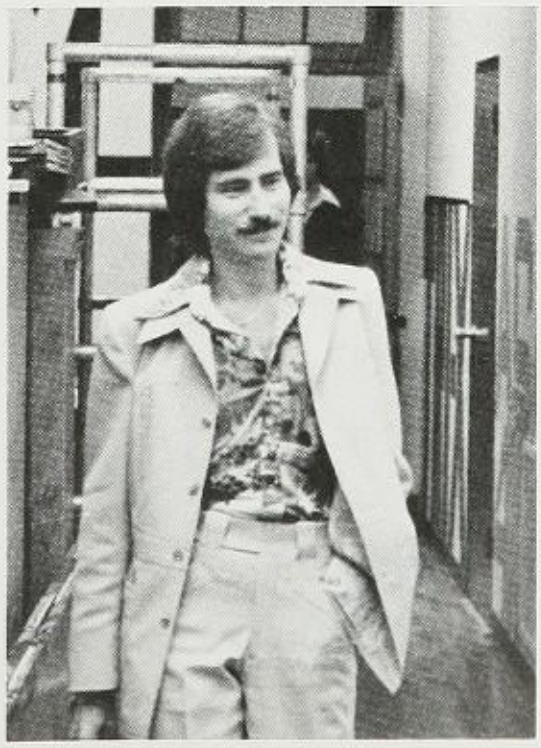
Art

Three dimensional design was offered for the first time this year in the Art Department. Ceramic and crafts students have the use of a larger kiln for the firing of their clay pieces. Senior art students attended a career conference day at the Statler Hilton in Buffalo during the month of November. All of these students are working toward the Art Festival to be held at the end of the year.

Art — Rosemarie Cardoso, Debi Lloyd



Photography — Philip Morris



The Photography Department is now offering all areas of color and black and white photography. Three types of courses are offered; a half year course, a full year course, and an independent study course. The independent study is designed for those who wish to prepare for college or professional work by dealing in more advanced work.

Physical Education

The Men's Physical Education Department has a new face this year on its staff. Mr. Jerry Tutwiler has filled the vacancy left by Mr. Welgoss. The Women's Physical Education Department is continuing with the elective block system initiated last year. New electives include Aerobics and Outdoor Recreation.

Health — Marjorie Flanagan, Patrick Draves

Physical Education — Robert Jackson, Ralph Dentinger, Gerald Tutwiler, Joseph Sutton

The Health program has made many changes in recent years. Health is a required one semester course and students receive ½ unit of credit. The program is designed so students have a better understanding of themselves, and in turn, the people they live and work with in our community.

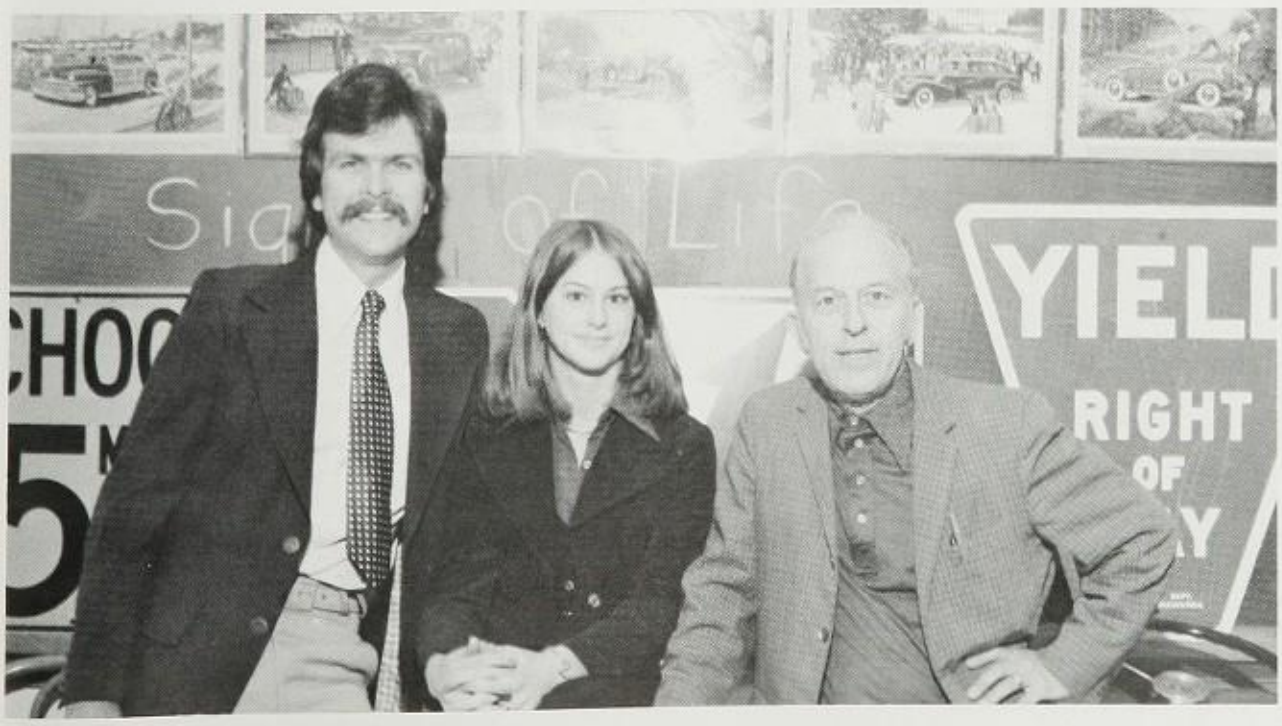
Industrial Arts — Paul Lewandowski, David English, Robert Pawlik

Industrial Arts

The Industrial Arts Department is partaking in a trend of students who want more education in the various techniques that deal with the industrial world. Students wishing to go on to college to study areas of metallurgy, architecture, and electrical technology are finding that the Industrial Arts courses can be a solid foundation. The courses in metal, electricity, wood, and drawing are also found useful by college-bound students.

Industrial Arts — Richard Larson, David Fleischman

Industrial Arts — John Horvatis, Douglas Nelson



Driver Education — Lawrence Kordasiewicz, Carol Thielman, Chairman — Joseph DiFelice

The Driver Education Department has added two new people this year — Mr. Kordasiewicz, replacing Mr. Welch, and Mrs. Thielman who replaces Mr. Epps. Both are enthusiastic and enjoying their new challenge. The new semester program is now in its second year and working to maximum capacity. Students and teachers believe this program is far superior to the old year-long course.

Buffalo's First Superstar??

You'd better believe it – since 1870!!

For over 105 years, Canisius College has brought the finest higher education to the Western New York area. Education that is precise, personable, challenging.

It's a College with a Jesuit heritage, where the emphasis is on people, education, and useful, meaningful programs.

Our over 12,000 graduates are proof of the fact that whatever Canisius people do, they do well. Physicians, lawyers, businessmen, scientists and teachers are among those professionals who can be found challenging the world's problems.

Come to Canisius, a private, four-year, coeducational, liberal arts college. You'll find an unusual, contemporary educational experience which is backed by over a century of academic excellence.

Canisius College is a personal place, where students count and aren't just counted. The classroom atmosphere is relaxed. Student-professor relationships are cordial and the emphasis is on individualized education.

Canisius College and Buffalo share much in common: heritage, professionalism, and spirit.

Come to Canisius – Buffalo's First Superstar.

I remember doing homework with Mar, having ice tea, popcorn, assorted subs and M&M's. My family and long talks with special friends. Pat and all the good times we had. Akron, Driving, baseball games and going out to dinner after. CB's, the apt., eddies, pinball games and the "River Rats". Beach Boys, Thunderbird, Becky and "love you a little bit more". Fish and Roadrunners and crazy parties. School teams and Basketball games. L.C.L.C., lori, necklaces and volleyball games. For all the people I've met and for the people who've helped me Thanks!

I'm a Lumber Jack and I'm o.k.
I sleep all night and I work all day
I chop down trees, I skip and jump,
  I like to press wild flowers.
I put on women's clothing and hang
  around in bars.
Ohhh I'm a Lumber Jack and I'm o.k.
